

# 2021 Strategic Plan

## FIVE YEAR GOAL PRIORITIES

**Goal #1: ACL facilitates interactive communication and engagement in order to provide members opportunities to experience and develop connections.**

Watch for new opportunities to connect with other ACL members and interact with ACL leaders through virtual and regional in-person events.

**Goal #2: ACL provides development opportunities to further professional, scholarly, and spiritual growth of members in their unique environments.**

Development opportunities are not limited to the annual conference. Training and leadership development will provide opportunities to enhance professional skill sets and produce scholarly output.

**Goal #3: ACL will draw upon its members' experience and knowledge to create repositories of sample library policies and documents and institutional library data.**

Don't reinvent the wheel! Contribute sample policies, documents, and other resources to a new member-only repository of resources.

**Goal #4: ACL reaches out to librarians and institutions who would benefit from ACL membership.**

Do you benefit from ACL membership? Do you know others who would benefit? ACL continues to explore new ways to reach out to librarians and institutions.

**Goal #5: ACL equips current leaders and provides emerging leaders with skills, resources, and context to lead within ACL.**

Participate in new and expanded opportunities to serve within ACL through our new initiatives and programs.
